This Atlas 160W is equipped with a 4 cylinder water cooled turbo charged Deutz TCD 6.1 L6 (105kW) diesel engine. Total engine hours are 9759 but only 3500 hydraulic working hours! Very good Nokian single air tires, mechanical adjustable boom, all hydraulic options for attachments, CW20 hydraulic quick hitch, excellent paintwork, dozer blade (barely used), electric diesel pump, extra work lights, rear camera, radio, airco, etc..

Really tidy Dutch machine with very low hydraulic hours. Works as it should, no leaks, major faults. For more information please contact us.
